| R003155-062122 | Hi, I'm Kara Carlson, a reporter with the Statesman. Under the Texas Public Information Act, Tex. Gov't Code §552.001 et seq I am requesting an opportunity to inspect or obtain copies of public records related to The Boring Company or Gapped Bass. I also am requesting to inspect or obtain copies of any email correspondence between the University of Texas and Brian Gettinger, whose email is [REDACTED]. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$20. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the company. I am a reporter for the Austin American Statesman and this request is related to news gathering purposes. This information is not being sought for commercial purposes. The Texas Public Information Act requires that you "promptly produce" the requested records unless, within 10 days, you have sought an Attorney General's Opinion. If you expect a significant delay in responding to this request, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for considering my request. |

| R003157-062222 | I am making a public records request for documents from the University of Texas School of Law. Each year, every American Bar Association (ABA) accredited law school submits an Annual Questionnaire (AQ) and/or Bar Passage Questionnaire (BPQ) to the ABA. I am requesting copies of the pages of the AQ or BPQ submitted by the law school for each of the years 2019, 2020, 2021, and 2022, reporting (1) first-time bar passage rates by race/ethnicity & gender and (2) ultimate bar passage rate by race/ethnicity & gender. This data will likely be reported in a chart. I am also requesting copies of the page of the AQ or BPQ in which the school lists the number of students receiving accommodations for the same years: 2019, 2020, 2021, and 2022. As a bit of background, our project is attempting to determine whether the bar examination is producing racially disparate outcomes. We have previously published on this matter (https://papers.ssrn.com/sol3/papers.cfm?abstract_id=4018386) and are attempting to get better data to assess the issue. It is our theory that the bar exam is producing different outcomes for equally situated students based on race/ethnicity. We believe this difference is due to systemic racism in society and problems with the bar exam itself. This project has very high public interest as the legal profession is one of the least diverse in the nation. In addition, given the role the legal profession plays in our society, it is vital that we identify all of the causes for that lack of diversity so we can fix those problems and improve diversity in the profession. We believe the bar exam itself is impeding people who have the capacity to be lawyers from joining the profession and that it is doing so along racial lines. We know the bar examiners have no bad intent, but unless the data is analyzed and the problem identified, they, and we, can't fix it. In addition, there is no data on whether students are receiving appropriate accommodations during the bar exam. Our request for data relating to accommodations will be part of a preliminary study of that issue. As this request is for educational/research purposes, I request that any fee be waived. If the fees are not waived and the cost of duplication will exceed \$20, please notify me before providing the information. |

I am filing this request via email because the University's portal will not allow me to fill out the form it provides. I'm using an iMac and tried with both Safari and Chrome browsers. I can see the fields but nothing I type enters on the form. Pursuant to the Texas Public Information Act (TPIA), Chapter 552, Texas Government Code, which guarantees the public's access to information in the custody of government agencies, I request that you promptly ("as soon as possible, under the circumstances, that is, in a reasonable time, without delay") provide me with: 1. A list of goods and services provided to the needy healthcare patients of Travis County in return for the \$35 million a year that Central Health transfers to UT for use by the UT Dell Medical School in accordance with the Affiliation Agreement of July 10, 2014. (Copy attached) The time period covered by this request is from the University's Fiscal Year 2016, when the \$35 million was first included as a revenue source, through the latest complete fiscal year. The \$35 million in revenue for FY 2021 and FY 2022 is reflected on page 28 of the UT Operating Budget for the fiscal year ending August 31, 2022. I have attached a copy of that page with the revenue figures highlighted in yellow. 2. Please show me where within the UT Austin Operating Budget for the Fiscal Year ending August 31, 2022, the UT Dell Medical School has budgeted to provide goods and services to Central Health's patients. If you believe that any of the information I have requested is within an exception to disclosure and you may be considering filing a request for a ruling from the Texas Attorney General on that issue, I invite you to contact Mr. Aleshire first, so that we may consider amending my request to avoid any unnecessary ruling request or unintended issue about disclosure. I agree to pay the reasonable cost of providing this public information as provided by the TPIA. However, since The Austin Bulldog is a 501(c)(3) nonprofit that provides the public with information about their government, I request that all fees be waived and responsive documents be provided without charge pursuant to Section 552.267 of the Texas Public Information Act, because providing copies of the information primarily benefits the general public. | R003253-072822 | <p>Hello, My name is Libby Seline, and I am a data reporter at the San Antonio Express-News/Houston Chronicle. I am currently working on a story about the number of young people moving to the state. For that story, I am hoping I can learn about the number of freshmen college students and undergraduate transfer students who have committed to a Texas university. I have already received this data from the parent institution, University of Texas. But they could not provide financial aid or scholarship data, so I am requesting datasets that contain financial aid information for the past 10 years. The Request: Under the Texas Public Information Act, Tex. Gov't Code §552.001 et seq., I am requesting an opportunity to inspect or obtain copies of public records that allow me to learn the scholarships available to undergraduate and transfer students (by year), the monetary value associated with each scholarship (by scholarship and by year), the number of scholarships given out (by scholarship and year), and the number of scholarships accepted (by scholarship and year). Specifically, I am looking for the specific information in a native electronic format, not a PDF for the past ten years (2012-13 school year through 2022-23):</p> <ul style="list-style-type: none"> •Scholarships given and accepted by in-state and out of state (freshman class) •Example Idea: President's Scholarship •Amount allotted: \$10,000 •Given to: 100 incoming freshman in-state •Given to: 200 incoming freshman out-of-state •Accepted by: 90 incoming freshman in-state •Accepted by: 10 incoming freshman out-of-state •Scholarships given and accepted by in-state and out of state (transfer students) •Example Idea: President's Scholarship •Amount allotted: \$10,000 •Given to: 100 transfer students in-state •Given to: 200 transfer students out-of-state •Accepted by: 90 transfer students in-state •Accepted by: 10 transfer students out-of-state <p>The data I am requesting is at a summary level, but I do have the capabilities to examine larger datasets — such as, a dataset where one applicant equals a row. I am not interested in revealing the private information about an applicant/student. In addition to this data, I would like to have the</p> <ul style="list-style-type: none"> •Data dictionary: a file that describes the data I received and the information given in each field •Manuals, policies, regulations: a manual or specific policy/regulation that states how this document is supposed to be maintained by the office <p>I know this data may not be readily available. Though I'd prefer to receive data in the format I requested, please direct me to any existing files about these subjects, such as average financial aid given to a student that year. If there is any fee for searching or copying these records, please inform me. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the number of young people moving to Texas. I am a data reporter at the San Antonio Express-News/Houston Chronicle, and this information is not being sought for commercial purposes. The Texas Public Information Act requires that you "promptly produce" the requested records unless, within 10 days, you have sought an Attorney General's Opinion. If you expect a significant delay in responding to this request, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for considering my request. Sincerely, Libby Seline</p> |

| R003273-080822 | RE: Request # R002920-041222 Information received for this request was incomplete. I am assuming that because I have already alerted Mr. Bonner-Davis of the omissions/mistakes, and have not received any response to date, that protocol requires me to submit a new open records request. The original request: "Any and all information in any format or medium pertaining to the School of Design and Creative Technologies' (SDCT's) vote(s) on Kate Catterall's Comprehensive Periodic Review (CPR) in AY 2021–2022". I was then asked to narrow the original request, and pay \$144.00. The amended search was narrowed in the following way: "Any and all information in the following formats/media, email or Qualtrics, pertaining to the School of Design and Creative Technologies' (SDCT's) vote(s) on Kate Catterall's Comprehensive Periodic Review (CPR) in AY 2021–2022". The document forwarded to me as a result of that request, left all Qualtrics-related information scrambled, illegible and/or incomplete, so I informed Mr. Bonner-Davis, my contact for this process, of the problem. I am now formally requesting: "Any and all information in the following formats/media, emails, Qualtrics, pertaining to the School of Design and Creative Technologies' (SDCT's) vote(s) on Kate Catterall's Comprehensive Periodic Review (CPR) in AY 2021–2022. Including any and all questions, or prompts used for Qualtrics polls; especially questions Q1-Q4 that are missing on page 12 of the document created in response to request # R002920-041222". In addition to the missing questions for the Qualtrics poll on page 12, I would like to have the relevant questions/prompts for the Qualtrics poll on page 3, and page 5. I would like relevant contextual information in order to make sense of the fragment of text on page 6 (is this an email, or other form of communication?), and the questions/prompts necessary to make sense of the Qualtrics poll responses on page 10. As reference, you can review the screenshot of page 12 in the document, which I forwarded by email to Mr. Bonner-Davis 06/10/2022 & 06/23/2022, and which are currently available in the online archive of materials related to Request # R002920-041222. Your Sincerely, Kate Catterall |

| R003299-081822 | Dear UT, My name is Sebastian Almada, and I am contacting you on behalf of Epson America, Inc. I am requesting a public record from your Pubic University. This record is described as the following: A PDF copy of the current/active copier contract lease and/or maintenance agreement. This document should include the original "master agreement" along with any addendum .made to it in the following years. This master agreement should include the terms and conditions of the contract (including but not limited to the effective date, expiration date, term length, schedule of items being leased, etc.). If there is no contract, but an outright purchase of the machines I would then request the purchase order and/or invoice of this transaction. To better locate this document, I do recommend looking within the confines of your Business/Finance/Purchasing/Procurement Department. Since I am requesting the most up to date version of this contract, it should be found within the time frame of August 2017 to August 2022; the reason I use this time frame is because [to my knowledge] most copier contracts have term lengths of 36-60 months. I request that this document be sent to me via email ([REDACTED]). Please feel free to email or call me for any clarifications or questions. Thank you, Sebastian Almada Business Intelligence Analyst |

Accordingly, I have attached a letter of support from the Title IX Coordinators at another major institution participating in this work. This research effort was determined to not be human subjects research by the University of Iowa’s Institutional Review Board. (IRB #202202067) Importantly, the information I am requesting consists only of annual aggregated counts. | R003343-082922 | We would like to view the videos captured from UT Child Development Center - Comal campus from 8/19/22 and all of the dates available 30 days prior. Our son is in the [REDACTED] class and shared information with us that puts his safety and well-being at risk--receiving small, purple "candy" from his teacher at nap time. He has shared that his teacher tells him to keep the "candy" a "secret" so other kids don't ask for it. Our son also shared that the "candy" is to help me sleep. On Friday, 8/19/22, our son saved and brought home the "candy." We saved it and took it to ask and alert the administration on campus and his teacher. The teacher denied ever giving him anything, but we have reason to believe otherwise. Another parent has confirmed with us that their child has shared similar information (receiving purple candy that helps them sleep at nap) with them at home as well. We are only wanting to view his class video and we can identify specific times of day to view. |

| R003379-090622 | Under the Texas Public Information Act, Tex. Gov't Code §552.001 et seq., I am requesting the employee directory information for all current University of Texas at Austin employees, with the following fields for each: Name, home and mailing addresses, phone numbers, date of birth, email addresses, gender and race. I am not seeking any records that are prohibited from release either by statute or previous rulings by the Attorney General or the courts. In order to allow the university to expedite this request and avoid the necessity of seeking a decision from the Office of the Attorney General, I agree to the redaction of information that is subject to both mandatory and discretionary exceptions, provided such redactions are clearly labeled on the information received. Please let me know if you feel any records in the fields I've requested are confidential, and I'll consider amending my request. Also, please notify me if clarifying the request might speed the release of the data, or reduce any programming time. Specifically, I'm seeking a spreadsheet, database, or delimited text file(s) — not paper records or a PDF created from data — I am comfortable working with large data sets and can receive the records in a variety of formats (.dbf, .csv, .mdb, etc) and media (CD, DVD, ftp). If there are any fees for searching or copying these records, please inform me of the cost. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of voter registration and participation. The Texas Public Information Act requires that you "promptly produce" the requested records unless, within 10 days, you have sought an Attorney General's Opinion. If you expect a significant delay in responding to this request, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. |

I am now trying to access the application I submitted to UT Austin for reference. I applied via the Coalition Application, but they changed their website and I can no longer access my old application. Similarly, on MyStatus, I cannot access my actual application. Thus, I am submitting this Open Records Request in an attempt to get access to and view the application that I submitted, which would include my essays along with the other parts of the application. Essentially, everything except my letters of recommendation which I waived the right to view. I also want to note that I am specifically requesting the parts of my application that I personally saw and submitted, not any notes or comments done by the office of admissions on my application. The email I used to apply was: [REDACTED]. My UT EID is [REDACTED]. Thank you. |

| R003418-091322 | Hello, Under the Texas Public Information Act, I'd like to request an electronic listing of all current Faculty and Staff employees. I am not seeking any records regarding student employees. Specifically, I'm seeking a spreadsheet, database or delimited text file(s) — not paper records or a PDF created from data — with the following fields for each employee: Name, title, Department/Office, race, gender, full-time/part-time status, hire date and gross annual salary in addition to any other salary/payment received for incidental duties or grant funding. If you are unable to produce any of these fields, please let me know! In addition, please include any lookup tables that may be needed to interpret the data. For example, if departments are listed with codes linked to a separate table, I'll be happy to join the records myself, rather than require your staff to do so. I want to stress that I'm not seeking any records that are prohibited from release either by statute or previous rulings by the Texas Attorney General or the courts. Please let me know if you feel any records in the fields I've requested are confidential, and I'll consider amending my request. Also, please let me know if clarifying the request might speed the release of the data, reduce any programming time and, most important, avoid a referral to the Attorney General. I'm comfortable working with large data sets and can receive the records in a variety of formats (.dbf, .csv, .mdb, etc) and media (CD, DVD, ftp). I seek this information in the public interest as a journalist, and not for a commercial purpose. This data is published and publicly available at texascollegesalaries.com Therefore, I am requesting that you waive any fees, as allowed under the Act. Thank You, Antonino Cummings |

| R003427-091422 | <p>I am Captain Nelson Lovos, on behalf of the United States Marine Corps, and I am in charge of officer selections for the central and south Texas region. My job is to inform college students/graduates about the opportunity to commission as officers in the Marine Corps. As part of the Marine Corps’ recruiting efforts, and in accordance with the Solomon Amendment, I am writing to request a list containing recruiting information for full time students at your institution. This list allows the Marine Corps to provide students at your institution information about the various career opportunities available to them upon degree completion. The Platoon Leaders Class program requires undergraduate students to remain full-time enrolled and earn their Bachelor’s degree before they have the option to choose military service. The Officer Candidate Course is designed to provide college graduates leadership-based career opportunities as officers within the Marine Corps. I would also like to provide this disclaimer up-front, so your institution understands that we are not trying to influence them to leave college – our programs requires them to remain enrolled full-time, maintain a minimum GPA of 2.0, and finish in order to be qualified for service as officers. Please include the following information in the list in Microsoft Excel format and email to Captain Nelson Lovos at nelson.lovos@marines.usmc.mil. This will allow us to offer opportunities specific to those interested in fields such as law, finance, business administration, supply-chain management, logistics, engineering, communications, public affairs, intelligence, aviation, kinesiology, history, government, education, etc. Last Name First Name Email Address Phone Number Date of Birth Class Major Race/ Ethnicity Sex/ Gender Mailing Address This letter serves as my understanding that the information will be used for military recruiting purposes only in accordance with the Solomon Amendment. I also understand that the information I am requesting is confidential and cannot be released to anyone outside my organization. I understand that, pursuant to FERPA, I must destroy the student list once used. Please note Department of Defense components (in this case the U.S. Marine Corps) are entitled to receive student recruiting information once every semester or term. Please contact me at 512-585-0332 or nelson.lovos@marines.usmc.mil if you have any questions or concerns. Thank you for your assistance.</p> |

| R003447-092022 | Hello all, My name is Malissa Arrington, and along with Gerard Smithwick (our campus Advisor), I work directly with the Longhorn chapter of Golden Key. Last year you helped us with our request, and helped over 150 students join the likes of 2.5 million other brilliant minds in Golden Key International Honour Society. With your efforts, UT students were able to take part in winning hundreds of thousands of dollars in scholarships and grants. With this being said, we are starting the process again. Again we are looking for a bit of help. We are looking to get a list of undergraduate and graduate students who have a minimum of a 3.5 or higher (I believe this would be students that are considered to be honors). We are requesting their names, year in school, email addresses, and mailing addresses. If there is anything needed to have this process go through please let me know. If there is a payment associated please let me know. Thank you again for everything, and we appreciate your help with this. Sincerely, Malissa Arrington |

Having passed away on June 13, 2015, we have preserved most of her records at the Armistad Research Center, which is housed at Tulane University and would like to add copies of her remaining educational records from UT to her documentation, as well as complete the educational portion of her biography. She specified in her oral interviews that she had attended the University of Texas. In order to to complete the process that we have started, we are seeking a copy of all records that pertain to Ms. Agnes Bell Rhoder, including: 1. Dates of attendance 2. A list of undergraduate courses and grades, if any were taken 3. All courses taken in the graduate/doctoral program 4. | R003505-100322 | Under the Texas Public Information Act, I'd like to request an electronic listing of all current UT Austin employees. Specifically, I'm seeking a spreadsheet, database or delimited text file(s) — not paper records or a PDF created from data — with the following fields for each employee: Name, title, department, race, gender, hours appointed (or percent FTE), hire date, length of service, gross annual salary, hourly salary (if applicable), if the employee is a student worker, and work-study job status (if applicable). (If you can't produce all these fields, please let us know). In addition, please include any lookup tables that may be needed to interpret the data. For example, if departments are listed with codes linked to a separate table, we'll be happy to join the records ourselves, rather than require your staff to do so. I want to stress that I'm not seeking any records that are prohibited from release either by statute or previous rulings by the Texas Attorney General or the courts. Please let me know if you feel any records in the fields I've requested are confidential, and I'll consider amending my request. Also, please let me know if clarifying the request might speed the release of the data, reduce any programming time and, most important, avoid a referral to the Attorney General. We're comfortable working with large data sets and can receive the records in a variety of formats (.dbf, .csv, .mdb, etc) and media (CD, DVD, ftp). I seek this information in the public interest to preform research, and not for a commercial purpose. Therefore, I'm requesting that you waive any fees, as allowed under the Act. |

I also request any notes and recordings from meetings on the topic of abortion that took place in that time frame, and included any of these four individuals. If any of the individuals mentioned above are no longer employed by the university, or are in a different role, I also request e-mails and texts from the individual(s) who replaced them in the role. If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and address. I ask that you waive any fees because I'm a reporter working in the public interest; if a waiver is not possible, please let me know if fees will exceed \$50. Please provide a receipt indicating the charges for each document. As provided by the open records law, I will expect your response within ten (10) days. (Twenty (20) days if my request requires substantial programming or manipulation of data). See Tex. Gov't Code Ann. Secs. 552.221(d) and 231(c). If you believe this information is not public, I ask that you immediately notify me and then seek a formal decision from the Texas Attorney General not later than ten (10) calendar days from your receipt of this request, as required by the open records law. I've had the distinct privilege of serving as the [REDACTED] for Dr. George Pollak in the Department of Neuroscience for several years. Dr. Pollak is retiring this fall after 50 incredible years of service to the University. We are organizing a retirement celebration for him and I'd love to know how many students he's taught during his career here. We have our estimates, but the range is huge and we can't decide if it's on the order of 4,000 students, or 10,000+ students. We've looked on the Syllabus + CVs website, but we know that's not best for this situation. He began at UT Austin in 1973. Could you please take a look if you're able to do some digging? We'd love to put this number (could be an estimate, but at least a good estimate) on a huge cake for him. Thank you, [REDACTED] |

| R003774-121622 | 1) I would like to request the records that show/confirm which employee in the College of Natural Sciences processes/reviews/approves unemployment claims regularly. To which employee OR position title are the duties of processing/reviewing/approving unemployment claims assigned in the College of Natural Sciences Administration. 2) I would like to request the records that show whether or not Kris (Kristin) Powledge Gaddy, the director of administration in the College of Natural Sciences, at any point processed, reviewed, or even viewed, my unemployment claim. Kris Powledge Gaddy was named by me in my official resignation letter as directly being one of the causes for my resignation due to bullying and workplace abuse that left me no longer able to fulfill my duties. Her having any part in reviewing, processing or even viewing my unemployment claim is an HR violation and a conflict of interest. |

What I am requesting is access to my letters of recommendation that I sent into the school for admissions. I'm aware that you have them on file and I'm unsure of any fees to acquire those documents from you. If there is anything you need from me please let me know as the application window is time sensitive. |

| R003777-121922 | I am a Professor in the School of Architecture at UT Austin, and recently submitted a request about salary information for this academic year. That request was R003732-120122. Thank you for sending me the information I asked for. The basis of my request is trying to understand if my raises have been fair compared to other faculty. I realized I need more information to understand the context of the raises given. Three documents made available to me were of particular value, and I would like to ask for those to cover the five years prior to academic year 2022-2023. The three specific documents, and what I would like to receive: - a list of all salaries for tenured and tenure track professors, giving the prior year's salary, the new salary, and the percentage increase. I received that for 2022-2023. I would also like the previous five years, corresponding to the time supervised by Dean Addington: so 2017-2018; 2018-2019; 2019-2020; 2020-2021, and 2021-2022. - One sheet I received just had a table on which was, for the whole School of Architecture, the sum of merit adjustments as a percentage, and the sum of additional adjustments (the pdf was called ARCH R00372). I would like that for 2017-2018; 2018-2019; 2019-2020; 2020-2021, and 2021-2022. - The third document I received of particular value to me was the "2022-23 ARCH SALARY POLICY", which explained the funds the University made available for merit and structural adjustments to salary. I would like that for 2017-2018; 2018-2019; 2019-2020; 2020-2021, and 2021-2022. Thank you, David Heymann |
